Creativity is simmering once again as Women's Studio Workshop's Chili Bowl Fest Fundraiser returns for another year of art, food, and community. This beloved event offers over 500 unique, handcrafted ceramic bowls and mugs, with each purchase including a hearty serving of chili from local eateries—all to support WSW's artistic programming. Guests can enjoy live music from The Library Band while searching for the perfect handmade piece. For those who prefer to shop from home, a limited online sale will also be available at bit.ly/ChiliBowlOnline.
